RED CROSS 1922 ROLL CALL

Red Cross and Health and Welfare
League Co-operating In The
New Work

PAY DUES NOW AND HELP

The Executive Committee of the Bourbon County Red Cross Chapter, asks that everyone pay his 1922 dues this week. An effort will be made to reach every adult in the county this week, either by letter or in person, to remind them that now is the time to join or renew membership in the Red Cross.

Headquarters have been established in the new Farm Bureau office on Main street, opposite Frank's store. Call there, pay your dollar and receive your membership certificate. Fifty cents of the dollar goes toward the work of the national organization. Fifty cents stays in Bourbon county. This past year a school nurse was employed by the local chapter, who examined practically all the school children in the county. She discovered many physical defects which she and Mrs. Miner, Health and Welfare League Nurse, working together, were able to get corrected. The Red Cross nurse, Miss Meinzer, had to leave the county because a disability received in service so broke down her health that she had to stop work. Another nurse may be secured to go on with this work if sufficient members are secured to finance the plan.

Bourbon county's disabled service men are increasing in number, many who at first seemed entirely well, have developed tuberculosis and other diseases during the past year.

Bourbon County Chapter must maintain an office to assist these men adjust their claims against the government. Pay your dues so that Bourbon county may share in the work being done by the Red Cross at home and abroad and especially that the Bourbon County Chapter may not fail to do its duty by the men who are disabled, because they fought for us.

LIGHTNING BOLTS WORK HAVOC DURING STORM

The home of W. T. Caywood, father of County School Superintendent J. B. Caywood, near Paris, was struck by lightning during an electrical storm, resulting in considerable damage to the building. Mr. Caywood and his son, S. W. Caywood, were both sick in bed in the home. The bolt of lightning passed over their heads, both being stunned. Front and rear porch roofs were torn away, weather-boarding torn from one side of the house, and plastering from the walls. A wire clothes line stretched between two trees in the yard was cut into small pieces. The lightning followed telephone wires into the house, tearing the instrument from the wall.

Lightning struck a barn on the farm of Geo. B. White, near Lexington. The barn, with 25,000 pounds of tobacco, and a number of farming implements was destroyed in half an hour after the blaze was discovered. A small amount of insurance was carried on the barn and implements.

Near Midway, lightning struck a barn belonging to Charles Nichols, Jr., destroying it, together with twelve acres of tobacco, an automobile, a horse, and a large quantity of oats and corn. The loss was about \$7,000, with no insurance.

The large tobacco barn owned by Mrs. C. R. Pruitt, on her farm near Mt. Sterling, was struck by lightning and badly damaged. The barn and contents were covered by insurance.

BOURBON CIRCUIT COURT

In the Bourbon Circuit Court the case of Stuart & O'Brien against Martin Bros., growing out of rent of a wagon, resulted in a verdict in favor of the defendants. In the case of Wm. H. Whaley and James Ralls against Sweeney Isgrig, a dispute following the sale of a farm of the defendants to the plaintiffs, and also for the accounting of some alleged building material, which they alleged were wrongfully hauled away, the jury returned a verdict in favor of the plaintiff to the amount of \$2,90, the value of one window sash.

STATE TOBACCO DISTRICTS NAMED

State Is Divided Into Districts By Co-operative Marketing Plan's Committees.

BOURBON MADE ONE DISTRICT

The Burley tobacco district of Kentucky, Ohio and Indiana was divided into twenty-two districts Saturday night by the committee on districting and elections, but the date of the elections was not agreed upon, being left to a later meeting of the committee.

Decision in the matter of the districts came after three days of deliberation, in which an effort was made to harmonize all differences of opinion as to what plan was best in the alignment of the counties. The committee's decision was unanimous, and came after three days of deliberation.

The committee is composed of T. S. Burnham, of Madison county, chairman; Bush W. Allen, of Mercer Martin L. Harris, of Indiana; Albert Day, of Mason; Joseph Passoneau, organization manager, of Fayette.

The counties of Fayette, Bourbon, Shelby, Mason and Scott are made separate districts. Another district is composed of the counties of Ohio in the Burley belt and still another is composed of the Indiana counties. The districts, as finally agreed upon and announced, are as follows:

District 1, Fayette; 2, Bourbon; 3, Shelby; 4, Mason; 5, Scott; 6, State of Ohio; 7, State of Indiana; 8, Woodford and Franklin; 9, Owen and Carroll; 10, Henry and Trimble; 11, Grant, Gallatin, Boone, Kenton and Campbell; 12, Harrison and Pendleton; 13, Bracken, Robertson and Nicholas; 14, Bath and Montgomery; 15, Fleming, Lewis, Carter and Greenup; 16, Garrard, Lincoln and Casey; 17, Boyd and Mercer; 18, Anderson, Washington, Marion, Taylor and Greene; 19, Jessamine, Madison, Rockcastle, Jackson and Laurel; 20, Spencer, Jefferson, Bullitt and Nelson; 21, Hardin, Hart, Meade, Breckinridge, Grayson, Barren, Cumberland, Metcalfe and Laurel; 22, Clark, Powell, Menifee and Estill.

The Burley Tobacco Growers Cooperative Association, which finished its preliminary work last week by the pooling of more than 180,000,000 pounds of tobacco of the less than 210,000,000 pounds grown in the burley district in 1920, is the largest single co-operative association in the world, with 42,000 members and the probability that it can have between 8,000 and 10,000 more if it decides to permit those who so far have failed to sign up their crops with the association to come into the organization.

Tobacco warehousemen of the Burley District will meet in Lexington to-day (Tuesday), Nov. 22, at 10 o'clock a.m., to confer with the warehouse committee of the Burley Tobacco Growers' Co-operative Association in regard to the lease or rental of their property to the association for the handling of the tobacco crop pledged to it.

MATCHES AND MICE CAUSE CURIOUS FIRE

To matches and mice or a case of spontaneous combustion, Dr. Wm. K. Dudley ascribes a blaze which destroyed a perfectly good pair of trousers and scorched a door at his home near Hutchison, Sunday night.

Late in the night Mrs. Dudley awakened her husband by telling him she smelled something burning. Upon conducting an investigation Dr. Dudley found a pair of trousers' lit had left hanging on a nail in a door in the kitchen entirely burned and the door partly consumed. It required an hour's hard work by Dr. and Mrs. Dudley to subdue the flames. Matches left in the pocket of the trousers are supposed to have been gnawed by mice, causing the blaze.

THERE IS JOY IN PARIS

Citizens of South Paris, as well as others in other sections of the city, are rejoicing over completion of the street reconstruction work on High street, and the resumption of service by the interurban and city cars. The "dinkey," in charge of Conductor-Morterman John Duvall, is again making its regular schedule, "coming and going," affording a marked convenience to business people, shoppers and school children.

Many a fine pasture has been ruined to make a poor golf course.

PARIS HIGH IS IN A CLASS

Local Educational Institution Takes High Rank Among High Schools of State

TRIBUTE TO PARIS SCHOOL

At a meeting of the Kentucky College Association, held in Lexington, Saturday, the Paris High School was placed in the A A class of Kentucky High Schools.

In October the Paris High School, placed on the honor roll by the Southern Association of Colleges and Universities. This means that graduates of the Paris High School can enter any college or university in America without examination, except the few colleges that do not accept anyone without examination.

Parents who have children in the Paris High School are asked to see that their children study at home at least three hours every day. If your child does not study that much at home every day you can know, before the monthly report is received, that he or she is not doing satisfactory work in school. Never in the history of American education has so much been demanded of the High School, and to meet these demands children must study. Teachers can do little for your child without good and regular home study. In about two months the mid-year examinations will be held in the Paris High School and if your son or daughter is to go on with his or her present class you should look well to his or her home study.

I am very anxious to have the number of children making the honor roll gradus increased. Do you know that your child is getting to school on time every morning? Are you sending requests to the school to have you child excused early in the afternoons? I know that these infringements on the school regulations sometimes cannot be helped, but I ask you to co-operate with us to the fullest extent, that we may serve your child best.

Wednesday afternoon the Paris City Schools will dismiss for the Thanksgiving holidays, and will resume work on Monday, November 28.

I am well pleased with the way the parents visit the school this year. If you have not visited the school this year I shall be glad to have you come before December 23. When we close for Christmas we want to be able to say that every parent having a child in the Paris City School has visited the school since the opening in September. Come to the City School, where you are always welcome.

PARIS DEFEATS COVINGTON; CYNTHIANA HIGH TO-MORROW

The Paris High School football eleven fought their way to a brilliant victory on McClintock Field Friday afternoon when they administered a defeat to the Covington High School team by the score of 19 to 14. The teams were evenly matched and fought cleanly and hard. The performance of Paris High in holding Somerset to a scoreless tie and defeating Covington High puts them in the front rank of Kentucky High School teams.

To-morrow, (Wednesday), Paris High will meet the Cynthiana High team in a game on McClintock Field in what promises to be the bitterest football fight ever staged in this section of the Bluegrass. Cynthiana has developed the best team they have had in years, and, although Paris defeated her early in the season, to-morrow's game appears to be anybody's. Cynthiana played the University of Kentucky freshmen team a scoreless tie and any team which can do this has the right to be in first ranks of High School teams. Adams and Nash, of Georgetown, will have charge of the game, and will see that everything is "according to Hoyle."

SAME OLD STORY.

While cranking an automobile at the C. S. Ball garage on Pleasant street yesterday afternoon, Carl Schrote, auto mechanic for the garage, had his right arm broken when the machine "backfired," throwing the crank against his arm with great force. He was taken to a physician's office, where the injured member was set, and he was removed to his home.

BURGLARS VISIT FOUR PARIS BUSINESS HOUSES.

Burglars visited the drug store of Geo. S. Varden & Son, and the Artery Drug Co., and the Farmers Supply Co. on Main street, some time during the night Sunday or early yesterday morning. In each instance they effected entrance through a window in the rear. At Varden's they secured a number of valuable articles from the stock, also several watches, old coins, articles of gold and silver jewelry, razors, etc., collected by Dr. George Varden as souvenirs, which had been kept in a drawer in his private office desk. The store was ransacked from one end to the other, drawers being pulled open, and their contents scattered over the floor. The same obtained at the Artery Drug Co. place. Here the thieves secured \$6.00 in cash, besides the other loot. At the Farmers Supply Co. they secured a lot of valuable goods, but as no statement was given out the loss was not known yesterday.

Although Sunday is ordinarily a day of rest, some burglariously-inclined fellow concluded to improve his opportunity for making a haul while the Sabbath quiet prevailed.

Burglars visited the establishment of C. W. Heck on Pleasant street, sometime between noon and late in the afternoon, gaining an entrance through a rear window, which was broken after an iron bar and screen had been removed. Mr. Heck had obligingly left the safe unlocked. The thief or thieves secured the wrought iron cash drawer from the safe, and took about \$100 worth of War Savings stamps and a number of checks approximately about \$60. The police were notified.

Patrolman George M. Hill yesterday afternoon found the box from the Heck safe on the creek bank in the rear of the Massie Memorial Hospital, with its contents intact. Footprints of a small shot were found near it, indicating the wearer to have been a boy or woman.

COMMERCIAL CLUB 'STUNT NIGHT'

Big Doings Promised To Rival The Famous Gridiron Club In Merriment

ANNUAL MEETING OF CLUB

The Paris Commercial Club Committee, composed of B. J. Santen, John F. Davis, Rudolph Davis and W. E. Hacker, completed arrangements for the second annual meeting of that organization, which will be held in the Y. M. C. A. gymnasium to-night. The opening feature will be a dinner, to be served at 6:30 o'clock. Before and during the dinner musical numbers will be rendered by the Bourbon Orchestra. Community singing will be led by A. L. Boatright, who will also render a vocal solo during the dinner.

Following the dinner a special "stunt" program will be presented, the nature of the "stunts" being held in the strictest secrecy. All members have been duly warned that they will not take offense at anything that may be said about them or anyone else. Short talks will be made by prominent members of the Club, and by Miss Marie Collins, County Chairman of the Red Cross Roll Call, and Mrs. M. P. Knight, representing the Kentucky Children's Home Society. Every guest will be given an opportunity to get a handsome souvenir, which will go to the person holding a lucky number drawn from a hat.

This will also be the time for the annual election of Club officers. All votes must be cast between 8:00 a.m. and 8:00 p.m. at the office of the Club during the day, or at the Y. M. C. A. during the evening. The votes will be counted during the annual meeting and the results announced as the concluding feature of the program. Tickets for the dinner were distributed yesterday to members of the Club and invited guests.

NOTICE TO TAXPAYERS

To the Tax Payers of Bourbon County:
I would like for every tax payer of Bourbon county to meet me at the court house on Saturday afternoon, Nov. 26, at 2 p.m., to see if we cannot devise some plan by which we can get our taxes on real estate reduced. Have some important matters to present if possible.

EDITORIAL FLINGS

The newspapers are publishing the pictures of a bunch of New England women who have started an anti-kissing campaign. Judging from their looks these women should always be immune from osculatory demonstrations.

A beauty specialist told a Paris woman that bunions and corns should be taken to a competent chiropodist. Our custom has always been to mail them or kidnap the chiropodist and take him into some dark corner and make light of the operation.

He ordered some boiled eggs and bread.

Said the waiter as Bill turned his head:

"Shall I open the shell?"

"Gee whiz?" replied Bill

"No, open the window instead."

The Day's Best Thought

A line in a contemporary runs: "Tell me my faults and mend your own." Before starting any other mending, neighbor, suppose we first mend the motto so as to get the proper sequence. Isn't this better: "Mind your own faults and then tell me mine?"

It seems the race you should have played

You didn't play.

The horse on which your coin was laid,

He failed to pay.

No matter how much coin you feed,

Place your bets

It is a game that seems to lead to vain regrets.

A Paris woman is a great believer in specialists. She says when she has trouble with her nose she goes to a nose specialist and when she has trouble with her heart she goes to a heart specialist. A friend to whom she was talking the other day on this hobby asked her if she would go to a tonsorial artist if she had trouble with her tonsils.

The Block Signals
Are Working—

In some respects, human experience is like railroading.

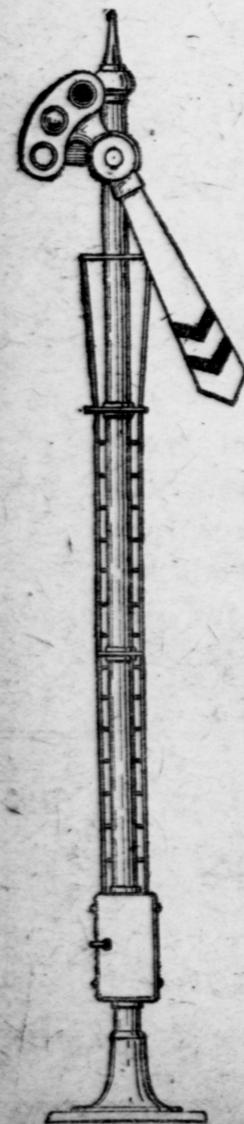

Every moment of the business and social day the block signals are giving right of way to keenness and alertness—while the slow and the heavy must wait on the sidetrack for their chance to move forward.

The ability to "go through" and to "get there" depends much on the poise of body, brain and nerves that comes with correct diet and proper nourishment.

That's why so many choose Grape-Nuts for breakfast and lunch. Served with cream or milk it is completely nourishing, partly pre-digested, and it supplies the vital mineral salts so necessary to full nutrition.

Grape-Nuts has a rich, delightful flavor, is ready to serve on the instant—and is distinctly the food for mental and physical alertness and speed. At all grocers.

STOLEN CAR RECOVERED

Mr. George W. Clay's Haines auto, stolen from in front of his residence on Seventh street, some days ago, was found in a barn in Shelby county and restored to its owner. The machine was left there by a young man who asked permission to store it there until some repairs it needed could be done.

Mr. Clay was informed by telephone of the finding of his car, and went to Shelbyville, where he easily identified it, returning home in the machine. The fenders were bent slightly, but the car was otherwise in good shape.

It was stated that on the night the car was stolen the thieves started at a rapid gait out Pleasant street, thinking probably they were on the road to Lexington. At the end of the street they ran into a fence, breaking off one of the fenders.

The car was driven to Louisville, where an effort was made to sell it. The thieves then drove to the farm of John Flood, near Simpsonville, in Shelby county, where it was left.

—Mrs. Collier Dawes was a recent visitor in Cynthiana, as guest of her aunts, Mrs. J. C. Dedman and Miss Sallie Ashbrook.

—There will be no meeting held to-morrow or this week by the Woman's Clubs on account of the Thanksgiving Day holidays.

—Mrs. Thompson H. Tarr has invited a few friends for tea this afternoon to meet Mrs. P. H. Lane, of Philadelphia, the guest of Mrs. Swift Champé.

—George McWilliams, Main street shoe merchant, who has been ill at his home for the past two weeks, has recovered sufficiently to be at his place of business.

—C. W. Payne, Marion Day, W. O. Fuller, T. J. Day, Cecil Doyle, Jas. L. Day and Wm. Kiser, have returned from a successful hunting trip near Park Lake, in Fleming county.

—Mr. and Mrs. John Merringer have returned from Cincinnati, where Mr. Merringer took the thirty-second degree in Masonry at the three-days session of Indra Consistory.

—Many friends in Paris will regret to hear of the death in Cincinnati of Thos. E. Costello, aged seventy-seven, for over fifty years a popular traveling salesman through this section for large wholesale millinery houses in New York.

—Hamilton College notes in Lexington Herald: "Miss Geraldine Herrin and Miss Mary Ellis have been elected officers of the Bourbon Club. This club is composed of students of Transylvania and Hamilton colleges whose homes are in Bourbon county and has a large membership. * * * Miss Emma Carr, with her roommate, Miss Clara Dosch, is spending the week-end with Miss Carr's parents at her home near Paris."

—Mrs. Jos. M. Hall was the charming hostess to her bridge club Friday afternoon, at her home on Duncan avenue. Mrs. A. B. Hancock secured the club prize, a lovely fern dish of sterling ware, and Mrs. Wm. Kenney Ferguson was the winner of the guest prize, a lovely Japanese jar. After the games a delicious buffet supper was served. Mrs. Hall's guests were: Mesdames John Stuart Roberts, J. Miller Ward, Jas. Harrab Thompson, Clay Ward, Jas. Duncan Bell, Charles G. Daugherty, Charlton Alexander, A. B. Hancock, Thompson H. Tarr, Henry Judy, Wm. Kenney Ferguson, Swift Champé and guest, Mrs. P. H. Lane, of Philadelphia.

SHOP EARLY AND SHOP IN PARIS

Only five weeks, or about thirty-one shopping days, now intervene until Christmas, the big holiday festival that gladdens the heart of the world once a year. To the improvident this is a warning that carries no injunction with it; it gives no lesson to the "foolish virgins" and they are legion—among the vast hordes of Christmas shoppers.

But to the thoughtful person it is a danger signal, like a red light at the switch. It means that for the best values, the most considerate attention among salespeople, the largest varieties from which to select, and the most satisfactory results in every way, your Christmas buying must be done within the next thirty-one shopping days. This is indisputable.

It is yet too early to do much of your shopping. Paris' Christmas stocks are not well filled, but it is high time you are doing your Christmas thinking, which, to the wise shopper, precedes the purchase of every gift. Draw a chart of your Christmas needs, and begin to cast about for them. Inquire of this store and that, what you may expect from their stock in the particular article you want. Give them time to order for you before the last terrible rush is on.

Just in a few words: Do your Christmas shopping in Paris. It is not only the best city for miles around, but it offers, in practically every line, the biggest values to the economical purchaser. The stores of Paris make every county seat surrounding it look like second-hand quarters. This is what the literatures would call an "invidious comparison," but the values of all life are established by comparison, and we did not know any better way to make you appreciate the real worth of Paris stores. Obey the injunction of the caption of this article. Shop early, get your purchases complete by December 1 to 15, and shop in Paris. There's intelligence and discrimination in both.

PUBLIC SALE
of Bourbon County Farm, Live Stock, Crop and Implements

FRIDAY, NOV. 25, 1921, AT 10 A. M.

On the above date, we, as agents for the undersigned, will offer for sale, without reserve or by-bid, his farm of 18 1/2 acres, located on the Clintonville turnpike, about 1 mile from the city limits of Paris.

Improvements consist of a 4-room cottage, one 5-acre tobacco barn, 1 stock and feed barn, 32x40 feet, and all other necessary outbuildings in good repair. This farm has an abundance of water, being supplied with same by a large cistern at house and a never-failing spring on the farm. It is well fenced and all in grass except four acres, which was plowed from old sod in 1920. The size of the farm affords everyone who desires an opportunity to own a home in the country, a chance to do so. The location is ideal.

At the same time and place we will sell a lot of livestock, crop and farming implements, consisting chiefly of milk cows, 1 pair of mules, chickens, harness, mowers, rakes, 50 lb. corn in crib, and many other things too numerous to mention.

Don't forget the date. This is an absolute sale, rain or shine. For particulars, apply to

HARRIS, SPEAKES & HARRIS Agents.
or L. D. HONICAN, Owner.

Either of whom will take pleasure in showing this farm to prospective buyers.

Public Sale
of 152 Acre Bourbon County Farm
SATURDAY, NOVEMBER 26, AT 10:30 A. M.

Having decided to quit farming, I will offer at public auction on SATURDAY, NOVEMBER 26, at 10:30 a. m., my farm of 152 acres, located on the Paris and Cynthiana pike, about 6 1/2 miles from Paris, 7 1/2 miles from Cynthiana, within a mile of Kiserton Station and near Ewalt Cross Roads. This farm is better known as the old Dr. Venerable place. It is improved by a brick residence of six rooms, has all necessary outbuildings, a new stock barn and a 12-acre tobacco barn. The land lies well, containing not an acre of waste land.

The farm has been placed in our hands for sale. It will afford an excellent opportunity for anyone desiring a farm for an investment or a home. The party living on the farm will take great pleasure in showing this property to prospective buyers.

TERMS: One-third cash, balance one and two years, with 6 per cent interest.

STOCK AND CROP

At the same time and place I will sell all of my stock, implements, etc., consisting of:

A Resume of Events In Religious
Circles For Present and
Future

Union services will be held Thanksgiving Day by the congregations of the Protestant churches, at the Presbyterian church, at 10:00 a. m. The sermon will be preached by Rev. Arthur Fox, pastor of the Baptist church. A special musical program will be rendered by choir of picked voices.

The Rev. E. M. Green, who has served as pastor of the First Presbyterian church in Danville for forty-five years, has resigned. The church will not take action on his resignation until Sunday week. Some have suggested that the church elect him pastor emeritus.

At the meeting of the Presbyterian Synod in this city some time ago Rev. Mr. Green was given a cordial reception as the oldest minister present in point of active service.

In connection with the regular prayer meeting service to be conducted by the pastor, Rev. T. S. Smiley, at the Presbyterian church, Wednesday night, Hon. Claude M. Thomas, of Paris, a speaker of more than State-wide reputation, will deliver a short address which will be well worth hearing. Rev. Smiley hopes to see a large audience present to hear Mr. Thomas.

The mission in progress all last week at the Church of The Annunciation, closed Sunday night, when one of the largest audiences was present to hear the eloquent addresses by Rev. Fathers Buehler and Mattingly. The services each night were well attended, many members of the Protestant congregations of the city being present. The sermons were of especial interest, eloquent and forceful, stamping the speakers as men of power and intellect. Fathers Mattingly and Buehler left yesterday for New Orleans, where they will conduct a mission meeting.

BANKS AND POSTOFFICE TO BE
CLOSED THURSDAY

Thursday will be another day we celebrate—that is, some of us—Thanksgiving Day, when turkey and other good things will form the front line of attack at the dinner table.

Special services will be held in all the churches, with musical programs appropriate to the day. The banks and postoffice will be closed all day, and most of the business houses will close to give their employees a holiday. The stamp and delivery windows will be open from 11:30 to 12:30. No business will be transacted in the money order or registry departments, and one delivery will be made in the business section. The rural carriers will not go out on their routes.

FROM POOR PARENTS

Italians all over the world have just celebrated the 600th anniversary of the death of their countryman, Dante Alighieri, one of the greatest writers of all times.

Have you read Dante's "Inferno"? Probably not. But years ago, when you were a child, a book agent with a ball bearing tongue probably sold your mother a copy, and you may recall looking at the terrible pictures of the sinners writhing in hell.

Dante, born of a poor family, was given a long time rolling pills in an Italian drug store before he got a chance to write. His parents, without wealth gave the world a treasure.

This should inspire poor people who wonder what the future will bring to their boy, just starting to school.

Wealth and a home of luxury are not necessary for the success of children. It's what's born in them, plus what their mothers teach them that counts.

Aesop, greatest writer of fables, was born a slave. Chas. Dickens as a boy toiled in a shoe factory. Shakespeare's father was a glove maker. The poet Keats was the son of a hosiery.

Christopher Columbus, discoverer of America, was the son of a hosiery. So it goes in all countries.

It is the plain people who give the nation its great men of power and genius. The snobs may look down on them, but they are the real quality people, the parents of the mighty and superior.

When a family gets rich it usually runs to seed.

The future of your children does not depend on how much money the old man packs in his wallet.

DONATIONS FOR THE MASSIE MEMORIAL HOSPITAL

Now is the time of the year when the "shut-ins" at the Massie Memorial Hospital begin to wonder if, in the midst of the festive Thanksgiving season, they will be remembered. And at the same time those in charge of the Hospital begin to wonder if the good people of the city and county will remember the larder with donations of good things to eat. Our people have been very generous in this respect in the past, and it is now hoped they will not fail at this time.

Donations may be left at any place suitable and convenient for the donors, with a request that the Hospital authorities be notified, or better still, sent direct to the institution.

TURKEY MARKET CLOSED

The turkey season has closed in Central Kentucky for the Thanksgiving season, and will not open again until time for the Christmas slaughtering season, which will be early in December. The firm of C. S. Brent & Bro., of Paris, one of the largest of the kind in the State, closed their turkey slaughtering business for the Thanksgiving season with a total "kill" of approximately 25,000 fowls, at an average of thirty cents per pound, making a total outlay of about \$93,000.

This firm bought and shipped about 10,000 turkeys from Paris and about 15,000 from Millersburg, Flemingsburg and Carlisle. The entire purchase of the four points was shipped to the Eastern markets.

The quality of the birds this year is said to be above the average.

WINTER COATS

A Wonderful Floor Entirely Devoted to Everything for Boys and Girls of All Ages

Forty-five years ago Mabley's, Cincinnati, was founded upon the idea that the boys and girls of this community were important. For forty-five years that idea has been developing. One result has been a specialized knowledge of young people's needs unequalled anywhere. And another result has been

Parents—and mothers emphatically—cannot help but greatly appreciate the convenience and comfort of doing all the shopping for the boys and girls, from littlest tot to the lad and lass almost ready to step out of their teens, ALL ON ONE FLOOR.

This floor will be one of the city's show places. In its completeness, in size and in its comforts it ranks as one of the few floors of its kind in America.

Its entire 20,000 square feet are given over to
 —Boys' Clothes, Shoes, Hats, Caps, Furnishings, Hosiery and Underwear.
 —Girls' Dresses, Suit, Coats, Skirts, Millinery, Hosiery, Shoes and Underwear.
 —Infants' Apparel of all kinds—Nursery Needs, Furniture and Baby Carriages.
 —Children's Barber Shop.

All of which is our admission that we DO like children.

LODGE NOTES

—Mayor E. B. January, of Paris, Grand Master of the I. O. O. F., assisted by Grand Secretary R. S. Elliott, of Lexington, and Past Master George I. Breil, of Newport, dedicated a new I. O. O. F. Hall, costing \$60,000, at Corbin, last week. The officers also assisted in conferring the initiatory degree on forty-seven candidates, after which a banquet was served.

—The seventy-first annual fall meeting of the Ancient and Accepted Order of Scottish Rite of Free Masonry closed at Louisville, Saturday, with the conferring of the thirty-first and thirty-second degrees on candidates in the afternoon and a banquet at the Louisville Old Inn Hotel at night. The class consisted of 135 candidates.

Bourbon Lodge No. 26, I. O. O. F., of Paris, is making elaborate preparations for celebrating the seventy-fifth anniversary of Odd Fellowship in Paris. On the evening of Tuesday, November 28, the lodge will hold its meeting in the new Mammoth garage building on Second and Main streets, where an appropriate program of exercises, consisting of music and addresses, will be carried out. Refreshments will be served by the women of the Rebekah Lodge. All members of the order, their wives, sisters and sweethearts, are invited to attend.

Oleika Temple will hold a big Shriners' Carnival, in Lexington, Thanksgiving Day, at which one hundred candidates are expected to "cross the hot sands to Mecca." The entertainment committee has arranged a delightful program, beginning with a turkey dinner at the Broadway Christian church at 12 o'clock, noon. Following this at 2 p. m., further entertainment will be given at the Auditorium and a theatre party at the Ben Ali theatre at 8:15 o'clock. The festive occasion will come to an end at the Phoenix hotel with a dinner, beginning at 9 o'clock. It is understood that there will be a special train on the L. and N. from Whitesburg and Hazard. A delegation from Covington is expected to attend. The only admission required is a 1921 card.

DESPAIR LURKS IN WEAK BLOOD

Gude's Pepto-Mangan, the Blood Builder, Arouses Dull Faculties

Many a man and many a woman feels all out of sorts from thin, weakened blood. The least little thing gone wrong throws them into a wild form of despondency. Instead of bracing up and meeting ordinary difficulties, they are downed. Nerves are on edge. Appetite lags. Sleep is restless. They are weak and tired and dull. Poor blood works its havoc till the will loses its power. Few people who fall into habits of worry and despondency realize that most of their troubles are due to lack of endurance—to blood that has become weakened by overwork or straining.

Healthy men and women with rich, red blood see things brightly. They tackle life with zest and go along smilingly, full of eagerness and endurance.

Gude's Pepto-Mangan taken steadily restores the blood to its natural richness. It actually makes red corpuscles, the tiny particles in blood which make it red. Druggists have Gude's Pepto-Mangan in liquid and tablet form.

Causes of Earth's Fragrance.

The real cause of the peculiar fragrance of the earth, which is noticeable especially in the spring and after rains, has been found by recent experimenters. It was formerly explained as a result of certain chemical decompositions, but has now been discovered to be the emanation of thread bacteria, of which two species are particularly odorous. Not only do the bacteria isolated from the soil have the earth fragrance, but they retain it when cultivated on very varied substances, even on such inorganic materials as pea soup, milk, glycerine and starch paste.

WATCH YOUR KIDNEYS

Inhaling the fumes of turpentine and white lead often weakens the kidneys. That's one reason why so many painters have bad backs and sick kidneys. Exposure, frequent colds and chills and the strain of climbing up and down ladders help start the trouble.

If your back aches, if sharp pains strike you when stooping, lifting or working; if you have headaches, dizziness, rheumatic pains; if the urine is discolored or passages painful and scanty, try Doan's Kidney Pills, the remedy so widely used and so well recommended by men in the painting trade. Here's a Paris testimony.

Ed. Richardson, painter and decorator, 552 Vine street, says: "I suffered severely from my back and it put me past going. I am a painter by trade and handling so much turpentine and inhaling its fumes is what I blame for the cause of the trouble. Many night I was annoyed by the frequent action of my kidneys and would have to get up many times to pass the secretions and this greatly disturbed my rest. I had dizzy spells and felt sick all over until I got Doan's Kidney Pills at Oberdorfer's Drug Store. I used several boxes as directed and they fixed me up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Richardson had. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

REMEMBER THE ORPHANS ON THANKSGIVING DAY

Thousands of tables will groan Thursday throughout Kentucky under the weight of turkey, cranberry sauce, pies, nuts and all the delicious tid-bits known only to Thanksgiving dinners.

But in another thousands of homes, a bare table will be the emblem of poverty; that poverty that is caused by ignorance in the majority of cases, crime in some instances and rarely misfortune. On this day of Thanksgiving, the Kentucky Children's Home Society calls on the people of Kentucky, the ministers, the school children and the mothers to remember the little homeless waifs, who through no fault of their own, may have no Thanksgiving dinner; and if they feast it will be on the crumbs that fall from the tables of those more fortunate.

This is the Thanksgiving appeal sent out by George L. Sehon, Superintendent of the Kentucky Children's Home Society, Louisville. Mr. Sehon points out that but for the work of the Society, thousands of prosperous men and happy wives who now are citizens of a State that is proud of them, might be living this Thanksgiving day in poverty and crime; it might have been they whose tables now bend under the weight of the Thanksgiving feast Thursday, who might have sat down to a bare table and only the scraps thrown out to them by charity.

In nearly every community in Kentucky are prosperous, happy persons who were taken in by the Children's Home Society, in many of the cases being rescued from squalor and criminal surroundings. In the name of these little children, says Mr. Sehon, he appeals through the newspapers for money to construct the cottage village, so badly needed to carry on this work of child rescue.

Improved Service

FOR our depositors with checking accounts, we have installed this new system of checks known as the Protecto System, as an added improved service.

To combat the numerous frauds caused by raising checks, this system enables you to tear off your check at amount desired [like a money order], thereby insuring the amount of check from being raised should it get lost, or fall into dishonest hands.

If you are considering opening a checking account, by all means come in and see this additional improved service that we are giving free to all our customers.

POETICAL ABILITY

We reproduce below a poetical gem from the pen of Miss Mary Elizabeth Stewart, member of the class of '22, at the Paris High School. Miss Stewart, in this little poem, gives evidence of possession of poetical ability of a high order, and is but one evidence of the advanced literary work she has done since entering High School.

"LITTLE THINGS"

It is the little things that breathe sweetly in Life's ear—
Hast thou been happy?—Tis the little things

That make or mar life's brightness—
bring or drive away its cheer.

If all the smiles and kind words were to vanish now from us—

Gone, gone forever—we should see, I ween

How soon life, dull, dull, would lose its fascinating tang for us;

So friends of mine, look to the little things; they are worth while.

Life's pages, then, shall glow; we'll con them o'er.

And seeing them, the little gems that make them shine shall smile.

MANUFACTURES IN CITIES OF
KENTUCKY.

The Department of Commerce, through the Bureau of the Census, reports the general results of the 1920 census of manufacturers, covering the year 1919, for the cities of Kentucky. The figures are preliminary and subject to such change and correction as may be found necessary from a further examination of the reports.

The census of manufactures, 1919, like that of 1914, exclude the hand trades, the building trades, and the neighboring industries, and took account only of establishments conducted under the so-called factory system. The word "establishment" as used in the census reports may mean more than one mill or plant, provided they are owned or controlled and operated by a single individual, partnership, corporation or other owners or corporation, and are located in the same town or city.

The reports were taken for the calendar year ending December 31, 1919, or the business year of the establishment most nearly conforming to that calendar year.

The census inquiry calls for the amount of capital, both owned and borrowed, invested in the business, but excludes the value of rented property.

In addition to the component materials which enter into the value of products, the cost of materials in this summary includes the cost of fuel, mill supplies, and rent of power and heat.

The value of products represents their selling value or price at the plants as actually turned out by the factories during the census year, whether sold or on hand.

THIN, FLAT HAIR
GROWS LONG, THICK
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and in a few moments, you have double the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. (T-tf)

THE NURSES' UNION

Can the rules and regulations of the labor union be applied to the services of a trained nurse in a manner which squares with the duties of her profession?

This is the question which seems to be raised by the revolt of Dr. Chas. H. Mayo, head of the famous Mayo clinic at Rochester, Minnesota.

Dr. Mayo is calling for 100,000 sub-nurses to relieve "the acute shortage." He maintains that the leaders of the new nurses' union have carried their methods too far and with too high a hand, and in doing this have defeated their own purpose, "for they have lost sight of the real impulse of their profession, the alleviation of the pain of the world."

It is his contention that ministrations to the dying cannot be bound by hard and fast rules, and in the formulation of rules governing the nurses' union the leaders ought to take the obligation of the nurses to the services of humanity into consideration.

There can be no objection to the nurses' organization, but commercialization is a thing that ought to be avoided.

Think of a nurses' strike at a hospital. We might as well imagine the doctors going on strike, for the nurse is the right hand of the doctor.

It may be argued that the doctors themselves are organized, but, if they are, it is under regulations which throw no restrictions around their hours of service. They may be organized to maintain a scale of prices, but they are free to go when a call is made and the limit of their stay at the bedside of a patient is fixed by the needs of the case.

If the nurses' union will amend its rules along the same lines there can be no objection to it.

COLDS

"Pape's Cold Compound"
Breaks any Cold
in Few Hours

Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine. Insist upon Pape's! (adv-T)

A Word About
Good Gasoline

There is no place in all God's economy for a "lazy" gasoline any more than for a lazy man. Either is expensive to "monkey" with. A "lazy" gasoline, like a lazy man, is likely to lay down on you any minute or "gum up" the works. Better use a recognized standard gasoline than risk motor ruin with an unknown proposition.

MOTHER! OPEN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful now fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bite, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. (adv)

MATRIMONIAL

A Record of Dan Cupid's Doings As The Days Go By

—A marriage license was issued in Lexington, Saturday, to Mr. Allen McClure, 29, traveling salesman, and Miss Flossie E. Sheriff, 29, both of Lexington. The bride-elect is an accomplished musician, well-known in Paris, where she has at various times filled engagements as pianist at The Paris Grand and The Alamo.

SOSBY—HARRIS

—The marriage of Mr. J. B. Harris and Mrs. Nancy E. Sosby, both of this city, was solemnized Saturday afternoon at 5:30 o'clock, at the home of the officiating minister, Rev. C. H. Greer, pastor of the Paris Methodist church. They will reside at the groom's home, in Kentucky avenue.

FOX—WILLIAMS

—The marriage of Miss Helen Fox, of Lexington, to Mr. George Green Williams, of Covington, was an event of the past week, taking place at the home of the bride's parents, Mr. and Mrs. Everett Fox, in Lexington. The bride is an unusually pretty and attractive young woman, a niece of the late John Fox, Jr., and was a student at Hamilton College for several years. She is well-known here. Mr. Williams is connected with a large wholesale concern in Louisville and is a prominent young business man of that city. Following the ceremony Mr. and Mrs. Williams left for a honeymoon trip in the East after which they will be "at home" in Covington.

MURPHY—BUCHIGNANI

—At the Church of The Annunciation, in this city, at 7:30 o'clock this morning Rev. Father William Hare, pastor, pronounced the ceremony which united for life Miss Mary Murphy, daughter of Mr. and Mrs. M. J. Murphy, of Paris, and Mr. John Buchignani, a prominent and popular young business man of Lexington. The ceremony was witnessed by members of the two families and a number of friends. Miss Katherine Murphy was her sister's maid of honor, and Mr. Hugo Buchignani, was best man for his brother. The bride, always attractive, looked lovelier than ever in her wedding gown.

Following the ceremony and receiving congratulations and best wishes, Mr. and Mrs. Buchignani left for a short honeymoon trip. On their return they will go to housekeeping in a handsome apartment on North Limestone street, in Lexington.

The bride is one of the most popular young women in Paris, possessed of a sweet disposition that endeared her to a large circle of friends, who regret to see her leave Paris. She has been a valued assistant in the office of Stuart & O'Brien, commission merchants, and in the office of the M. J. Murphy Transfer Company.

"HELIOTROPE"

A Paramount Picture. From the Thrilling Story by Richard Washburn Child

"Heliotrope" is a picture that is "different." No mawkish sentiment, no undue emphasis is on sex love, no world problem solved—just a great big appealing theme unfolded in a picture that strikes the same lofty plane that only "Humoresque," "The Miracle Man," and a few others attained.

Written by a master of fiction and played by a cast of prominent screen players, "Heliotrope" is one of the cinema sensations of the season. You cannot see it and not feel better for the experience. ce.

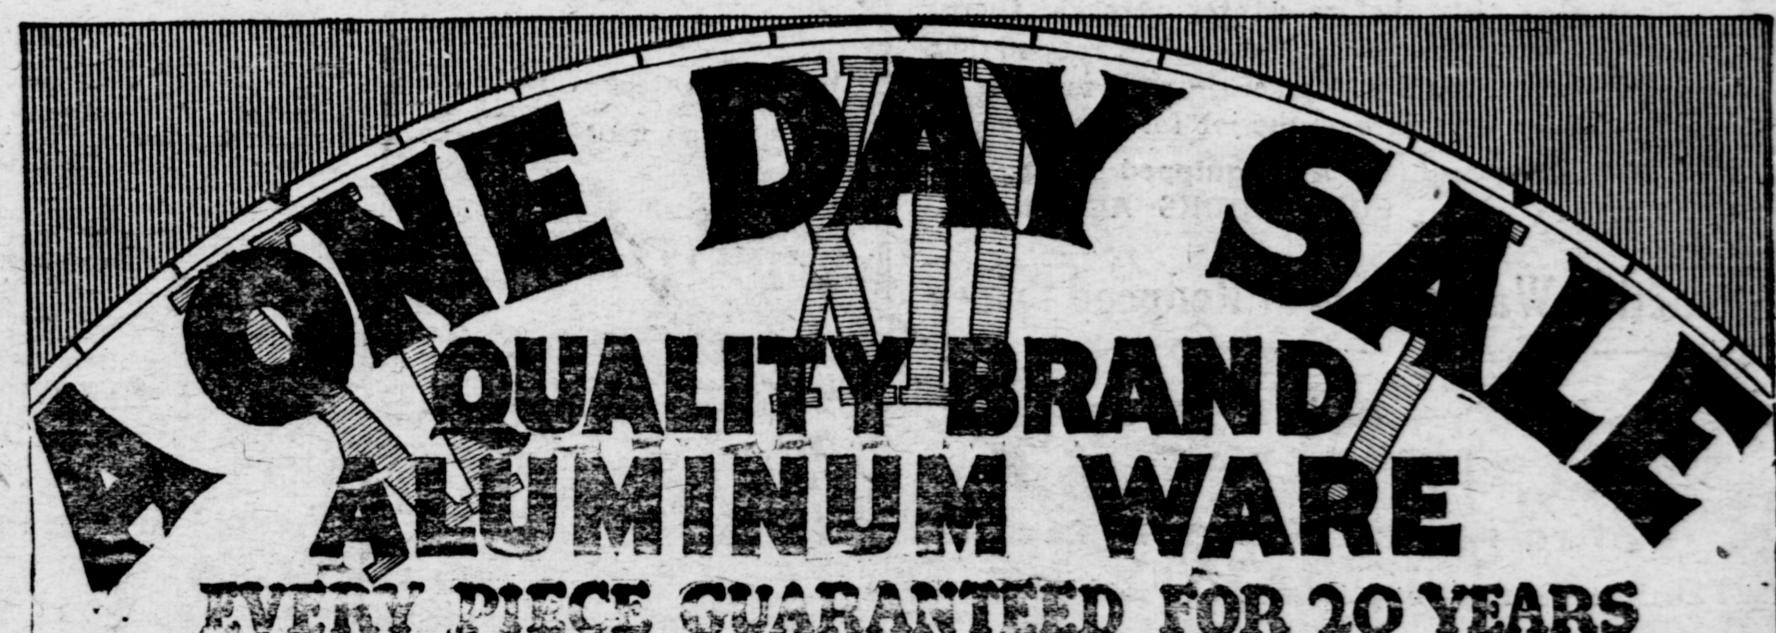

As "Humoresque" showed to the world the heart of a mother, so "Heliotrope" stands as the greatest story of father-love ever filmed.

The title role in "Heliotrope" is played by Frederick Burton, for nearly twenty years a prominent figure on the American stage. Diana Allen, formerly one of the Ziegfeld Follies beauties, and Wilfred Lytell, brother of Bert Lytell, have the leading juvenile roles.
